Letter of intent 2027 UCI Cycling World Championships

Dear Mr. Lappartient,

We are pleased to announce that we support the candidacy of Royal Dutch Cycling Union (KNWU) and TIG sports for the organization of the combined 2027 UCI Cycling World Championships in The Netherlands. The arguments in favor of this candidacy have been set out in this proposal.

We are convinced that the enthusiasm and commitment of the organizing committee will ensure a successful event in a hospitable, safe and open atmosphere both for participants and visitors.

We assure you that we will endeavor to assist the Union Cycliste Internationale (UCI), the local organizing committee and the participants, as far as feasible within legal and political possibilities.

We emphasize that it is an honor for Noord-Brabant to receive the combined UCI Cycling World Championships in 2027.

In accordance with the decision taken by the Executive Board  
of the Province of Noord-Brabant,  
On their behalf,

W.F.C. van Pinxteren,  
Regional minister for Leisure, Culture and Sports
